## “Off Schedule” Tree Trimming

Rocky Point Homeowners Association trims common area trees on a very specific annual tree trimming schedule (ref. [www.rockypoint2.com](http://www.rockypoint2.com)). If a homeowner would like to have common area tree(s) specifically relating to their property trimmed “Off-Schedule,” the homeowner must schedule this tree trimming service to be performed by our current landscaping company at the homeowner’s expense.

To initiate an “Off-Schedule” trimming request, the homeowner must directly contact our representative at Cardinal Property Management Co. and schedule the service. Cardinal Property Management Co. will quote the tree trimming costs supplied by our current landscaping company. Payment for the service is required from the homeowner **in advance**. The service will be performed within 2-3 weeks from the clearing of the payment.

For any other additional information related to “Off-Schedule” tree trimming, please contact Cardinal Property Management Co.
